- Oregon Association of Higher Education and Disability

Disability Awareness with a Punch(line)!

Nina G is Northern California's only female stuttering stand-up comedian and part of the Comedians with Disabilities Act. She is also a disability activist, storyteller, children's book author and educator. She uses humor to help people understand and confront issues such as disability, advocacy, and helping audiences move toward a more accessible society. Nina is the author of the children's book Once Upon an Accommodation: A Book About Learning Disabilities. Her second book Stutterer Interrupted: The Making of a Stuttering Stand Up Comedian is due out Summer of 2019!

“Nina G was exactly what we were looking for in a keynote. She was engaging, informative, funny, serious and pushed our boundaries.”
